We, the Seniors of '56 wish to dedicate this '56 Eagle to Mrs. Geraldine Herderhorst in honor of her never-failing patience in spite of the many trying times we have given her; her interest and assistance in our activities; her pride and faith in us as a class; and the always-helping hand which we often needed in completing this edition of the "Eagle."

Principal's Message

Students all have their own associations with the various teachers and rooms in our school. Quite often it brings a chuckle to think of all the various acts and deeds of our educational career. Each should not have taken lightly one of the most important tasks of life - that of developing the mind.

We take pride in Monmouth School. The quality of the faculty and student body makes it so. Our students have devoted themselves with earnestness of purpose to the attainment of their academic objectives, and through extra-curricular activities they have demonstrated enthusiasm and loyalty for their school. These are our lasting memories which have been developed in this fine annual.

To The Students of Monmouth School:

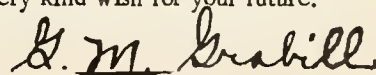

To the staff of the Eagle, congratulations for publishing another fine book. I also wish to express my sincere appreciation to other members of the senior class who have made possible this annual.

The students of Monmouth School will find between these covers activities that will make the future worthwhile.

The memory of these activities will become a reality in that you recall those happy hours along with the uneasy moments. It becomes a treasure to each as the past pictures reveal places, people, and things that are basic in our pattern of life today and all the tomorrows.

The molding of your character, heart, and soul was, and I feel will be, uppermost in the years ahead.

I have every kind wish for your future.

Commencement Thoughts

(To: Halls of Ivy)

Oh we love the Monmouth High School, that surrounds us here tonight
and we will not forget you, as we go on through life.
To the teachers of Monmouth High School, every voice will bid farewell
and we cannot repay you, for the work you've done so well.
Tonight a hush will fall, the footsteps of us all
will echo down the hall and disappear
And as we sadly start our journey on through life
a part of every heart will linger here
In the rooms of Monmouth High School, where we've learned to live and know
and through the years we'll see you in the sweet afterglow.

Senior Class History

Early September, 1952: The first day of high school, and everybody is wondering if high school will be any different from Junior High. For one thing there are more of us. To be exact, there are now 46 members of the class of '56 of M.H.S. September 9: Organization Day today; in our first class meeting this morning we elected Clint as our first President; Stew as our Veep; Esther as Secretary; and Rowena as Treasurer. Mr. Weisenberger was chosen as our sponsor. October 1: Our first big event as a class was today. Initiation! Everybody came to school looking like tramps. Saturday, November 11: Watch the doughnut, not the hole. What a day! Erma Owens is probably dead to the world. Donna volunteered her services as chief doughnut-maker; and several mothers were her staff. Everybody had a grand time making and selling doughnuts. March 10 and 11: My feet hurt! Our trip to Chicago this weekend has been hard on everybody's feet. We came on a biology field trip and are staying at the Harrison Hotel. May 17: Well, our first year in high school is over. Commencement was last night and now we're full-fledged Sophomores.

Early September, 1953: First day of school again and now we're Sophomores. Now there are only 42 of us members of the class of '56. September 6: Organization Day today; Clint was re-elected President, Stew is Veep again, Dave Brown is Secretary, and Rowena was re-elected Treasurer. Since Mr. Weisenberger isn't teaching here anymore, the class selected Mrs. Herderhorst as our sponsor. September 30: Our bake sale at Schaefer's was today. We didn't make too much, but every penny counts. November 15: Big day. Our sweaters and jackets came this morning and was everybody excited. We wore our sweaters all the rest of the day. October 15: Everybody swing! We sponsored a square dance at Reitdorf's tonight, and you never saw such a crowd. February 10: We all worked serving visitors at the Farmer's Institute this noon. Everybody donated a pie and we also served ice cream and coffee. May 18: We're Juniors now! Commencement was last night and according to tradition, we served the punch and cookies.

Early September, 1954: We're Juniors now, and we're halfway through high school. Now there are 41 members of the class of '56. September 8: Organization Day again. Clint was re-named President; Vice President is Dave Beery; Rowena was re-elected Treasurer; and Shirley was chosen for Secretary. We also selected our class colors -- blue and white; class flower -- American Beauty Rose; and class motto -- "Today's Students; Tomorrow's Leaders." October 20: We had another big square dance at Reitdorf's tonight. November 10: Our first home ball game and everyone worked hard selling concessions. We'll sell at all 8 home games. November 15: Everyone made a beeline to Sutton's this afternoon to get their class rings. December 22: After all the doorbell ringing, the final report on our Christmas card sales campaign is in; and we made \$419. We're that much closer to Washington. January 24: Now we'll be ringing doorbells to sell magazines. April 14-15: The Crazy Castles, starring the Junior class was a tremendous success and a lot of fun. April 20: We sponsored a performance of the Down-Homers tonight. April 29: Aching arms and broken backs after our Paper Drive today. May 17-19: The girls in formals and the boys in their best suits lined the aisles as the Seniors graduated. A thrilling climax to our Junior year and now at last we're Seniors.

Early September 1955: At last our Senior year is here. All 40 of us are glad to be back out somehow we're sad that this is our last year. September 9: Organization Day for the last time. Clint was elected President for the fourth time. Rich Keuneke was elected Vice President. Rowena was again elected Treasurer; and Shirley is our Secretary. September 20: The cycle is completed. We were initiated, and now we have initiated. We had a party for the Freshmen tonight, and did we ever initiate. September 30 - October 1: Another smash hit! Our Senior class play -- "The Sweetheart of U BAKA PI." October 21: Although our third dance at Reitdorf's didn't bring in much money, all who were there had loads of fun. As is customary, the Seniors will publish the school yearbook, "THE EAGLE." 1955-56 is the school year our class has charge of the noon concessions at school. We hope to sell a lot of coke and candy. January 7: Our name cards arrived today. They're really pretty, printed in gold. Our invitations will be here soon. April 22-26: The climax to our four years of selling Christmas cards, cokes, candy, and magazines has finally arrived -- our trip to Washington, D.C. We all agree that all our work was worth it. May 13: Baccalaureate services were held in the school gymnasium tonight. They were certainly impressive. May 15: Commencement exercises tonight, and everyone felt sad even if we have often wished that this big day would come sooner.

Class Prophecy

July 9, 1966

Ring-g-g-g. Hello! Yes, July 19 at Herderhorst's? Why yes, I think I can make it. You say the whole class will be there? It'll be wonderful seeing all the old gang again. Yes, the time does fly! It's been ten years since we graduated from good old M.H.S. Oh, I just love my job, and Paris is just wonderful; but it's grand being home again. Remember the good times we used to have together? How are you and your family? Is your husband as rich as ever? I heard you're going on a cruise around the world in your rhinestone-studded yacht.

Do you suppose Shirley and Clint and their quintuplets will be able to make it for the reunion? I think they will if they can get reservations on the next spaceship back to Earth. Do you suppose they really enjoy teaching the little Martians. I wonder if they'll come back on one of David Beery's spaceships. I understand he designed the first practical passenger spaceship. Calvin "Zippy" Worthman is working with spaceships too. He was promoted from mechanic to pilot last week. In a recent letter, Shirley said that the last time they came to Earth, the stewardess spilled soup in Clint's lap. Guess who the stewardess was? That's right, Sondra Sonner!

Yes, I heard about Fritz Macke. Isn't it wonderful about his being the singing quizmaster for the \$1,000,000 Question sponsored by McDowell's Towels. That's right, the same Sarah McDowell that was in our class is now the owner of the largest towel factory in the world. Lorraine Haugk is head seamstress. Before she went to work for Sarah, Lorraine designed and made all the clothes for Sharon Kaye, our new ambassador to Monaco. By the way, did you hear that Sharon broke up the romance between Grace Kelly and Prince Ranier? She always did have a way with the men, didn't she? Did you know about Ruth Rauch's basketball team? Yes, they're all her own -- 5 boys. Ruth is Sharon's secretary and accompanies her on her travels around the world. Sharon Beltz follows them both, keeping their hair nice for the newspaper publicity pictures. Mac Elzey drives her beautiful sky-blue-pink Futura convertible when she's not using her private plane piloted by Nicky Secaur. Nicky's wife, Carla, and Max's wife keep each other company while their husbands are out chauffeuring Sharon Kaye around. When she's not using her hairdressing skills, Sharon Beltz is busy being a wife and mother to her family.

You say Norb Witte just broke another scoring record? Yes, I know he plays for the Earth Angels of the Interplanetary Professional Basketball League. He set his new record in an exciting game with the Jupiter's Darlings which took place on Pluto? Judge Stewart Paul Schnepf, even though he is Chief Justice of the Supreme Court, still finds time to manage Norb's business affairs.

Have you heard whether Marlene and Frankie will be able to come to our reunion? The farm they moved to a few years ago keeps them pretty busy. Jerry Bleeke manages their farm and also conducts research on the latest methods of using a pig's "oink" to make rattles for babies.

On my way home from Paris, I passed through New York City, and guess who I saw! David J. Brown. He showed me the building he designed himself, the D.J.B. -- the Dippy Jerkin Building -- where they make jerkins! It is even more magnificent than the Empire State Building. Kenny Gallmeier has the important position of chief "Jerker," or head manager, at the Jerkin Factory. I understand he is doing very well in this field.

Richard Keuneke a rancer? He always did like Texas but I never thought he'd become the owner of the Ken-E-Kee, 500,000 acres of the best land in Texas. How's Anna nowadays? You say Fritz Schlemmer is Rich's right hand man? They always were pals in high school weren't they? I heard that Marlene and Delmore Fuelling were in Texas. They own one of the biggest oil wells in the great state of Texas. They live in a huge mansion in Austin -- in the summer, that is. In the winter they reside in their country home with their bevy of wild animals -- a leopard, a moose, a hippopotamus, 13 parakeets, and a night owl.

Marilyn and Herb should be able to get to Herderhorst's for the reunion. Her oldest girl can probably take care of the baby. Yes, that's right; she has three now. All girls.

Oh? Your little boy cut his foot the other day? What doctor did you take him to? Dr. Ruth Bulmahn and her nurse Esther Cook? I just thought those two would end up working together. Ruth and Esther discovered a miraculous cure for the ingrown toenail? Just what the world has always needed!

Norman Davis followed Norb right through college and was a cheerleader all four years. He still follows Norb around and is now a cheerleader for the Earth Angels. He is still as energetic as ever and is really doing a wonderful job.

Joyce is fulfilling her ambition and is being a good wife to Paul. If work on the farm isn't too heavy, they should be able to come to our get-together. Joyce must be a pretty good cook because I saw Paul yesterday, and he's gaining weight.

It sounds like someone is listening in on this line, Donna. Oh, it's Donna Owens! Since when have you been a telephone operator? It must be quite an interesting job, being able to listen to all kinds of conversations. Yes, this is Bobbie and Lulabelle having an old-fashioned gab-fest on the phone. Where do you find the time when you have such a nice family?

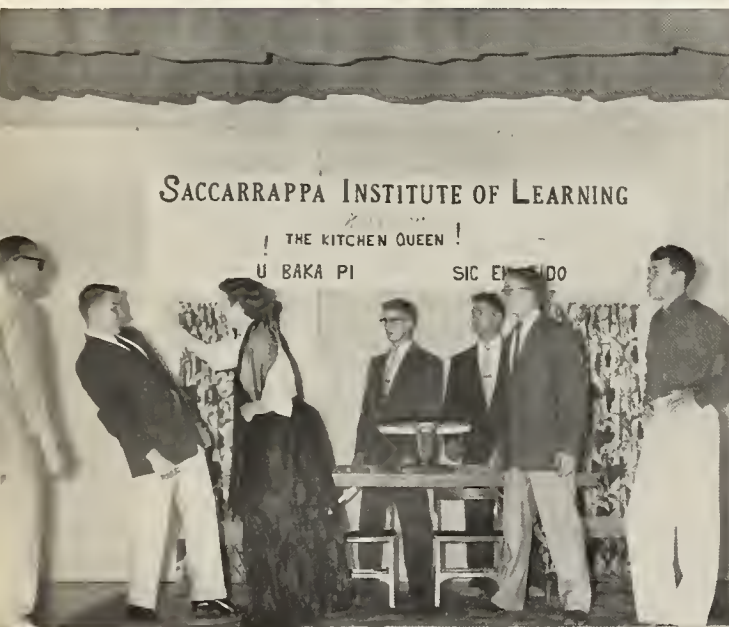

Who do you think we could get to entertain at our reunion? That's a good idea! I hadn't thought of the "Viv-Son-Row Trio." So Rowena and Sondra are still singing together. I didn't know Vivian was their accompanist. Do you think they'll be able to take time out from their busy schedule of being housewives and mothers? Do you remember when they provided the entertainment for our Junior and Senior Class Plays? That certainly brings back pleasant memories, doesn't it. What was the name of our Senior Play? Wasn't it something like Bake Me A Pie? Oh no, U Baka Pi, that's it.

Whatever happened to our old pal Lorena Witte? Oh, her name isn't Witte anymore is it? She married Marv Hockemeyer. They surely ought to be able to get to Mrs. Herderhorst's since they live in Woodburn, Indiana. I always knew she'd make some man a good wife.

Day before yesterday, I stopped to eat at a very fashionable restaurant and who do you suppose the manager was? Shelva Miller! She sat down with me, and we talked over old times until my dinner was cold. She has made her place one of the most popular restaurants in Fort Wayne. Donna Fast is the hostess there and she came over to my table while I was eating dessert. The three of us talked until my ice cream melted. Donna said that Patty Hurst is Home Demonstration Agent back in Adams County. She combines these duties with her job as homemaker for her husband. Patty works closely with Naomi Kirchofer who is the Home Economics teacher at dear old M.H.S. Home Ec. was always Naomi's favorite subject in school, and she decided to stay in the field.

On my plane trip from Paris, I sat next to the most interesting man. He told me all about his job. He's chief engineer for the Westinghouse Electric Company. I thought I recognized him but it wasn't until he mentioned good old Monmouth High that I realized it was Fred Miller. It seemed as if we had just taken off when the stewardess said we would land in New York in 15 minutes. We talked so much the time just flew.

This has turned out to be a pretty long telephone conversation but it sure was fun reminiscing about the good old days and all our classmates at M.H.S. I'd better let you get back to your packing for your wonderful trip around the world. I sure wish I could go with you. You must send me postcards from every country. Oh, by the way, did I tell you that I'm engaged to my boss. He's very handsome, romantic Frenchman with a charming accent! Yes, of course I'll bring him to the reunion. I wouldn't miss a chance like that to show him off. Well, Donna, I think we had better stop gabbing and let someone else use this phone. I'll see you on July 19, 1966, at Mr. and Mrs. Paul Herderhorst's farm. Bye till then.

COUNTY CHAMPS
Eagles Whip Decatur
Commodores In Final
Game Saturday Night

The Monmouth Eagles continued their dominance of Adams county high school basketball Saturday as they walloped the Commodores, 79-45, in the final game of the county tourney at the Adams Central gym for their second consecutive county championship.

Faurote, with 10, was the only other Commodore in double figures.

Rah, yea,
Porky!

Congratulations, Porky Holt... and Monmouth Eagles!

The Eagles, for the second year in a row, won the Adams county tourney Saturday, whipping the Decatur Commodores in the final game. The Eagles showed true championship form in their very first tourney start, overcoming an 11-point first half deficit to oust the Adams Central Greyhounds in the tourney opener Thursday, and the Eagles then showed improvement in their next two tourney tilts, climaxing the meet with a terrific performance in the final contest.

By their victory, the Eagles, in addition to winning the Daily Democrat trophy, also regained possession of the Limberlost Bell, traveling trophy for the county teams, which the Eagles will retain until losing to another county team, tourney play, when no trophies may be at stake.

The Eagles advanced to the tourney final by eliminating the Hartford Gorillas, 65-54, in the first semi-final tilt Saturday afternoon, after which the Commodores ousted the Berne Bears, 69-57, in what was probably the best played game of the entire meet.

Witte and Stew Schnepf gave Monmouth a 4-0 lead on a pair of fielders in the first minute of the championship affair. Paul Faurote connected twice from the foul line to cut the Commodores' deficit to two points, but the Eagles then moved to a 10-2 advantage before Joe Wilder hit Decatur's first field goal.

The Eagles held a 16-6 advantage at the end of the first quarter as they increased their margin to 22-20, at half.

Monmouth, too, brought a good cheering section to the tourney. They were dressed in white and black and probably gave forth with the loudest yelling of any single section. With all but the Eagle fans usually yelling for the other team Monmouth has match voice with the rest of the gym crowd and they really made themselves heard.

Closest the Commodores in the second half was within 23 points at 32-24 as Faurote hit the field and Jerry Voglewede added two free throws in the third quarter. The Eagles then started to pull and held a 56-34 bulge as the minutes of play.

Witte topped all scorers with his 25 points, while Schnepf, pretty well throttled in his first two tourney games, tickled the draperies 13 points, and Voglewede led the

Monmouth Shades Decatur,
Advances To Regionals

MONROE, Feb. 25—Center Norb Witte, a 6-7 scoring machine, pumped in a basket in the final three seconds as Monmouth shaded Decatur, 72-71 here tonight for the Eagles' fourth successive sectional title.

Monmouth moves on to the Fort Wayne regional, meeting Fremont, the Churubusco titlist, in the first game next Saturday afternoon.

Monmouth qualified for the final game tonight by eliminating Pleasant Mills, 70-64 in the first matinee game today. Decatur and Decatur Catholic battled for two overtimes

before free throws by Larry Moses and Stan Kirkpatrick gave the Jackets a 63-61 decision. The score had been tied 59-59 at the end of regulation time and 61-61 after an extra period.

Tonight's windup was a hysterical climax to a game that had been close all the way. Monmouth broke into a 15-12 lead after one stanza, upped that to nine points on one occasion during the second and led, 35-30 at halftime. Decatur, with Kirkpatrick and Gene Baxter leading the way, rebounded for a 51-50 edge at the third stop.

It was see-saw throughout the final period. Monmouth got into a 70-69 lead with about 50 seconds to play and tried to stall it out. The Jackets broke up a pass and on the interception, Baxter drove down for a jumper which sent Decatur into the lead at 71-70. Then, with 12 seconds to play, the Eagles got off a long pass to Witte which ended in the clincher. Baxter had one more opportunity for Decatur with one second to go but his desperation shot bounced off.

Witte, who had 36 points in Monmouth's afternoon victory, got another 27 tonight 19 of them in the second half. He wound up with 120 points for the four sectional games. Stew Schnepf added 14. For the Yellowjackets, Baxter had 19, Kirkpatrick, 18 and Tony Kelly, 14. Terry Murphy contributed 10.

Congratulations Norb!

E.I.C. CHAMPS

—M. H. S.— Yes, the Yahl! Rahl! Eagles! Yes, the fighting Eagles captured another trophy and another honor. In addition to being the county tourney champs, the Eagles have won the Eastern Indiana conference championship. Congratulations, boys, and lots of luck to you in the sectional.

"GUESSES AGAIN"

MONMOUTH-YELLOW JACKETS — The Eagles defeated the Jackets by eight early in the season. The Jackets definitely have shown more improvement since that time than the Eagles, but they say ride with the champions until they fail. So it's MONMOUTH.
